

Elara Caring

Skilled Home Health

Skilled home
health care
wherever you
call home.

Our team of caregivers makes going home easy.

With a focus on recovery, rehabilitation and health education, our Skilled Home Health support team provides a wide range of clinical health services to keep, or to transition you or a loved one home safely.

Skilled home health services:

- Nursing
- Physical Therapy
- Occupational Therapy
- Speech Therapy
- Medical Social Work
- Home Health Aide

Are you or a loved one dealing with any of these health issues?

- Recent hospitalization or surgery
- Safety at home after falls or health changes
- New or changed medications
- New diagnoses such as congestive heart failure, COPD, stroke or diabetes
- Orthopedic rehabilitation
- Macular degeneration, glaucoma, or other visual impairment
- Incontinence
- Neurological conditions such as Parkinson's, multiple sclerosis or cerebral palsy
- Swallowing issues
- Infection or wound
- IV therapy

If you answered yes to one or more of these, contact Elara Caring to learn how we may help.

information.**

Do I qualify?

Medicare defines eligibility requirements for home health benefits. If leaving home is difficult, and you are dealing with any of the issues on the previous page, we can talk with your doctor and assess your eligibility.

How will I pay?

Home health care is a Medicare Part A benefit that does not require a copay or deductible for patients who meet eligibility criteria. Other payment sources may include Medicaid, private insurance, workers' compensation, private pay or alternative funding.
